

**THE SMALLER THE TARGET,  
THE MORE IMPORTANT  
YOUR FOCUS.**

*Meet Alice. Full time housewife, five-time national marksman champion. She's testing a laser grip sight whose accuracy is matched only by her focus. Which is what we're all about. Focus. And with over \$500 million in closed commitments, we have some pretty high caliber resources. But what's more important, we never miss our target, however small it may seem. Call 312.376.8500 to get in our sights.*
